## SUMMARY

Enthusiastic software development student skilled in Java, Selenium WebDriver (TestNG, XPath), and Flutter/Dart for cross-platform app development. Experienced in building responsive UIs, integrating APIs, and using HTML, CSS, Figma, and Canva. Strong foundation in OOP, data structures, and logic building.

## TECHNICAL SKILLS

- Languages: Java, HTML, CSS, Java Selenium, Dart
- UI/UX Design: Figma, Canva
- Web Development: Responsive Design, Layout Structuring
- Productivity Tools: Microsoft PowerPoint, Microsoft Word
- Problem Solving: Basic Data Structures & Algorithms (Java)

## PROJECTS

- Ansible AI Tool – Built an AI-powered solution integrating natural language prompts with n8n workflows to automate Ansible-related tasks.
- Gym Management System – Designed a modular, web-based platform with a clean UI, responsive design, and structured features for efficient management.
- Employee Management Portal – Developed a full-stack application with role-based access, employee CRUD, attendance/leave management, and admin approval workflows.
- Police Assistance Chatbot – Created a chatbot that helps users with common police-related queries and services, featuring streamlined interaction and real-time assistance simulation.
- Coin Collector Game – Built an interactive 2D game in Java with coin collection mechanics, animations, and gameplay logic to strengthen programming and logic-building skills.

## EDUCATION

<b>Bachelor of Technology in Information Technology(Btech.IT)</b>	<b>2023-2027(Current)</b>
St. Joseph's Institute of Technology	
Current CGPA : 8.26	

## EXPERIENCE

Intern, Ethical Intelligent Technologies (EIT)   2 Months	<b>JUN-JULY(2025)</b>
<ul style="list-style-type: none"><li>• Worked on Selenium for web testing automation.</li><li>• Assisted in app development projects.</li><li>• Designed UI/UX interfaces using Figma.</li></ul>
