SUMMARY

Motivated Software Developer skilled in Java, Flutter, and full-stack development with hands-on project experience.Strong foundation in Data Structures, Algorithms, and UI/UX design, with a focus on clean, efficient code.Eager to apply problem-solving skills to build scalable applications and contribute to real-world software projects.

EDUCATION

HSC   **(2023)**
Sri Bharathidasan Matric Higher Secondary School
Percentage : 76%

Bachelor of Technology in Information Technology(Btech.IT)   **2023-2027(Current)**
St. Joseph's Institute of Technology
Current CGPA : 8.26

EXPERIENCE

Ethical Intelligent Technologies (EIT)   **2 Months INTERN (JUN–JULY 2025)**
- Automated web testing using Selenium to improve accuracy and reduce manual effort.
- Assisted in developing and debugging mobile and web application features.
- Designed clean UI/UX prototypes in Figma to enhance user flow and usability.

PROJECTS

- **Gym Management System –** Designed and developed a modular, responsive web-based platform with a clean UI, structured layouts, and efficient member/plan management features.
- **Employee Management Portal –** Built a full-stack application with secure role-based access, employee CRUD operations, attendance/leave tracking, and streamlined admin approval workflows.
- **Smart Xerox (Flutter, Node.js, SQLite) –** Created a smart document printing app allowing users to upload, preview, and order prints through a smooth Flutter UI integrated with a Node.js backend and SQLite database.

TECHNICAL SKILLS

- Languages: Java, HTML, CSS, Dart
- UI/UX Design: Figma, Canva
- Web Development: Responsive Design, Semantic Layout Structuring
- Problem Solving: Data Structures & Algorithms (Java), Logical Reasoning, Debugging

CERTIFICATIONS

- **Linguaskill Business – Cambridge English (Metritest, 2025)**
Achieved an overall B2 CEFR level (Score: 167) certified by Cambridge University Press & Assessment, demonstrating C1+ proficiency in Reading & Writing and strong communication skills in Speaking & Listening.
